Issues

Current

Cars Driving too fast

Description
We have had two near miss incidents with pupils from the school where they have been almost knocked down due to poor sight lines and drivers driving too fast. We need to see better infrastructure to stop cars speeding round the corner and better sight lines near the railway bridge at the bottom of The Fairway and junction of The Fairway and Fernside Avenue. Simple double yellow lines along the bend to stop the lorries double parking would help with support from Barnet Enforcement Team.

Actions
Informed Barnet Council. The proposal of no entry may help however this will not help with poor sight lines.

Congestion around the school entrance

Description
The school is facing serious congestion outside the school as the road is a two way road for cars and is narrow due to parked cars. When large vehicles or cars come from the opposite side, cars coming from the other side find it hard to get pass casing increase congestion and sometimes road rage by the public.

Actions
We would like the council to consider making part of the road no entry (directly outside the school), so that cars are forced to travel along surrounding roads by the school. This will make it safer for the school community.

Junior Travel Ambassador (JTA) Scheme

Our story
The Fairway Primary School and Children's centre set up a JTA steering group. We decided to use an existing School Council group so that we can co-ordinate better all the activities that the school is developing better. We also wanted to integrate the work better to avoid duplication.
